 - Color Guard 3:45 - 6:00
- **Friday 10/16**
 - GBHS @ Mosley HS (Panama City - No travel)

Indoor Percussion & Guard

We will have our first student interest meeting for winter activities on October 12th after school in the band room. Any student in the band program is allowed to audition for the indoor groups. You do not have to have any experience with guard or percussion to join. There are additional fees associated with these performance groups (not included in MFS) & it does not replace any concert ensembles that students are already performing in. Differently from last year, we are looking to separate the color guard and percussion for the season.

If students have any interest at all, please come to the meeting at 4:00 in the band room to discuss indoor percussion & guard activities. If you do not know what indoor percussion or indoor color guard consists of, here are some helpful links. You can also search “WGI” “Indoor Percussion” or “Indoor Color Guard” on youtube and find great videos!

Volunteers

BIG thank you to all of the parents/guardians that have volunteered for the last two games. You are so appreciated during these times! I hope that we can have a parent meeting and I can start to connect parents with their students. Remember, if you would like to volunteer, you must be approved by the district via the [Volunteer Form](#). We also need more volunteers for this Friday’s game and must send names over by 2:00 PM on Tuesday (10/6).
